Choice Selections

—FOR—

Spring Planting

WE believe this list of broad-leaf evergreens and other plants contains items of outstanding interest for 1932 gardening, and we also believe that material of this high quality will not be available again for many years at these low prices.

AZALEA HINODEGIRI—Bright red. 12-15" budded specimens, at \$2.75 each.

Washington Bicentennial Tree Label or Plaque

Copyrighted 1932, By W. E. G.

This year the Government is encouraging the planting of ten million trees to commemorate the 200th Anniversary of George Washington's Birthday. Use this beautifully designed, indestructible, bronze plaque to mark your memorial trees. They are inexpensive and completely equipped for attaching.

SMALL SIZE: A very durable stamping of sheet bronze with attractive border as illustrated. 2 inches high, equipped with copper wire for attaching. **POSTPAID 15c. EA.**

INTERMEDIATE SIZE: A heavy solid statue, bronze casting, $2\frac{1}{2}$ " high and $\frac{1}{8}$ " thick. Letters and border are nicely embossed against stippled background. Complete with copper attachment. **POSTPAID 50c. EA.**

LARGE SIZE: A heavy solid statue—bronze casting with raised letters and border against stippled background. 5" high by $4\frac{1}{2}$ " wide. This beautiful plaque may be had equipped with two bushings and brass screws to be attached directly to tree, or with 12" metal rod to thrust in ground. **POSTPAID \$2.75 EA.**

GREENE'S EVERGREEN NURSERY, - DOVER, MASSACHUSETTS
